

Home and Academy Agreement 2019 – ‘Flying high but not solo, together we will achieve’

This agreement outlines our expectations for all members of the Horbury Academy Community both in and out of the Academy building. Our Community includes all of our students, members of staff, parents and carers.

Together we will...

- Work hard to make progress, with high standards of teaching, learning and a positive attitude towards being the best we can be. Every day is a new learning day.
- Be kind, polite, respectful and understanding at all times in our community. Exceed the Academy expectations to allow us all to lead by example in everything we do.
- Be ready for each day, dressed professionally and on time with the correct equipment, resources, home work and learning materials to produce our best work.
- Reward the positives, celebrate success and keep one another safe. Take opportunities to participate in experiences that will improve personal development and resilience and act on feedback to reach the highest standards.
- Communicate in a positive manner in meetings, through telephone conversations, messages and appropriate social media. Share information in a timely manner to ensure all communications, records and contact details are kept up to date.

By signing this agreement, we pledge to work together to achieve. We will uphold the Academy expectations so that every student can fly high.
